ALBERTA	Housing for large families scarce and expensive. Migration from other provinces creates high demand.	Potential for new workers, semi-skilled drying up. Need skilled persons. Migration problem.	Good- excellent facilities. Employment often preferred to lang. training.	Potential good, if developed. Formal sponsors, informal sponsors.	All accepting. Some perception of negative feelings. Decline sponsorship- why not help other refugees.	Could absorb 800.
SASKATCHEWAN	OK- urban. Rural- scarce. Higher priced only- problem after ref. on own.	Drought- sluggish market. Predict lower paying jobs becoming scarcer.	Ok community colleges.	Initial interest declining. Attitude reserved.	Strain on CEIC resources. Need breathing space. Great #'s a problem.	
MANITOBA	OK- urban. Problems in rural areas.	Substantial decline in opportunities. Drought towards Winnipeg. Problem – refugees now looking for “better” jobs.	No problem.	Low response to date.	Sponsor groups still supportive – some suggestion that saturation point has been reached.	
ONTARIO	Housing becoming difficult to find at reasonable price.	Jobs a major problem.		Public interest dwindling.	Public acceptance of refugees positive. Interest declining. Smaller communities reached saturation.	Vol. of family/ assisted rel. app. May absorb most places. Could Take 8000
QUEBEC	Cities- OK, small families. Rents high- allowances not changed. OK- small villages/allocation for rent still too low.	Employment services inadequate. All refugees need retraining. 6 mos. French not sufficient. Shift to large cities.	Facilities straining in Mtl. Methodology not adapted to orientals and illiterates. Better in smaller institution in villages.	OK in smaller centres. Parish structures helpful. Need publicity if more interest to be aroused.	Small villages – very good. Larger places – early enthusiasm waning. Perception that only immediate families should now be brought. Reached level. Need to beef up govt. services if signif. # to continue.

N. BRUNSWICK	OK in larger centres. Problem in rural.	Unemployment high.	Language facilities OK. Need training for all.	Not a large volunteer force to tap.	Sponsorship interest waning.	Could absorb 100 in urban areas.
P.E.I.	No problems.	Limited opportunities.	No problem.	Interest declined. Could be roused.		
NOVA SCOTIA	Urban area vacancy rate very low. Rural area not as big a problem.	Potential not good for unskilled, semi- skilled.	Level of CMTF training could be maintained	Available in rural areas, but esp. in urban areas.	Reception good, but sponsorship potential low.	Perception that we have "done our part".
NEWFOUNDLAND	Housing shortage.	Potential limited. Traces of resentment in labour market.		Only handle sponsored in future.	Initially favourable. Declining.
